_dc_gtm_UA-69424936-82	Operational	This cookie is associated with sites using Google Tag Manager to load other scripts and code into a page. Where it is used it may be regarded as Strictly Necessary as without it, other scripts may not function correctly. The end of the name is a unique number which is also an identifier for an associated Google Analytics account.
dw_Advertisement_cookie	Operational	Remembers the user preferences for Tracking/Advertising cookies.
iqosrw-_ga	Performance	This cookie name is associated with Google Universal Analytics. This cookie is used to distinguish unique users by assigning a randomly generated number as a client identifier. It is included in each page request in a site and used to calculate visitor, session and campaign data for the sites analytics reports.
dw_Technical_cookie	Performance	Technical Opt-in (GA) cookie selection
_ga	Performance	Used to distinguish users thanks to a randomly generated identifier (combination of a timestamp and random number)
_gid	Performance	Used to group a set of user interactions together to define a session, thanks to a randomly generated identifier (combination of a timestamp and random number)
_gcl_au	Performance	Contains campaign related information for a user. It takes information in ad clicks and stores it in this cookie so that website conversions can be attributed outside the landing page.
sc.ASP.NET_SESSIONID	Performance	This cookie name is associated with the SessionCam web analytics application from ServiceTick.

sc.Status	Performance	This cookie is set by SessionCam to store information regarding mouse behavior while on the site, as well as interactions with any forms that may be available. This information is then used for statistical reporting to improve the website.
kppid	Targeting/Advertising	This cookie carries out information about how the end user uses the website and any advertising that the end user may have seen before visiting the said website.
SessionCamTestCookie	Performance	This cookie is used by SessionCam to help understand how the user interacts with the page.
sc.UserId	Performance	This cookie name is associated with the SessionCam web analytics application from ServiceTick.
OptanonConsent	Strictly Necessary Cookies	This cookie is set by the cookie compliance solution from OneTrust. It stores information about the categories of cookies the site uses and whether visitors have given or withdrawn consent for the use of each category. This enables site owners to prevent cookies in each category from being set in the users browser, when consent is not given. The cookie has a normal lifespan of one year, so that returning visitors to the site will have their preferences remembered. It contains no information that can identify the site visitor.
OptanonAlertBoxClosed	Strictly Necessary Cookies	This cookie is set by websites using certain versions of the cookie law compliance solution from OneTrust. It is set after visitors have seen a cookie information notice and in some cases only when they actively close the notice down. It enables the website not to show the message more than once to a user. The cookie has a one year lifespan and contains no personal information.
loyaltyMatKey	Operational	Login authentication cookie
dw	Operational	Cookie associated with Demandware eCommerce platform when it is a session cookie. Purpose appears to be undocumented but it could be to do with checking whether or not a browser is accepting first party cookies.
